## INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

SECTION C - SERVICE DESCRIPTIONS AND RATES (Cont'd)3. METERED USE SERVICE (Cont'd).20 Option S (500 Personal Number Service)

500 Personal Number Service is an inbound voice-grade telecommunications service that permits calling from stations in diverse geographical service areas within the state of Kentucky to a station at one location, or to a set of stations at more than one location based upon pre-established priorities.

For any 500 Personal Number Service call, there are two customers: the "Subscriber" (i.e., the party at whose designated location(s) the 500 Personal Number Service call terminates) and the "Calling Party" (i.e., the party who places the call). Each party is fully and equally subject to all applicable provisions in this tariff which pertain to customers. The Calling Party has three billing options available for this service: Calling Party ANI billing, local exchange carrier calling card, and commercial credit card.

The following types of calls are not permitted using this service: collect; third party billed; and person-to-person.

All 500 Personal Number Service calls are subject to a 60-second minimum duration, with 60-second additional increments. If the computed charge for any call includes a fraction of a cent, the fraction is rounded to the nearest whole cent.

Neither the Subscriber nor the Calling Party is required to designate MCI WORLDCOM as his or her Primary Interexchange Carrier (PIC). Each 500 Personal Number Service call will include a recorded or live operator announcement to the Calling Party indicating that MCI WORLDCOM is the provider of the service.

Users of 500 Personal Number Service may have access to non-tariffed enhancements (e.g., information services) provided by MCI WORLDCOM. Terms and conditions will be applied in accordance with MCI WORLDCOM's F.C.C. Tariff No. 1.
